Dear Parents/Carers,

Online Safety Series – Video 8

Welcome to the eighth video of this online safety series, video 8 is all about Artificial Intelligence.

Artificial intelligence isn't new, but what is new is Generative Artificial Intelligence (GenAI) and, whilst this can be used for enormous possibilities, there are many negatives too.

In this video we will take a brief look at artificial intelligence along with a few risk examples.

In order to access the video, the link would have been sent via the weekly digital parenting letter.
