

Homework – Google Classroom

Dear parents/guardians,

Homework this year is to be set online using google classroom. This will continue to be set every Wednesday, to be turned in by the following Monday.

The children will receive a username and log in, and most have had an opportunity to explore the site during their computing lesson.

Here is a guide to help your child with logging in, finding their homework and submitting it.

Step 1: Go to **classroom.google.com**

Step 2: The children will enter their username and password. **Note: all usernames are followed with @ravenscote.school and all passwords end with #.**

Step 3: Click on the class to enter.

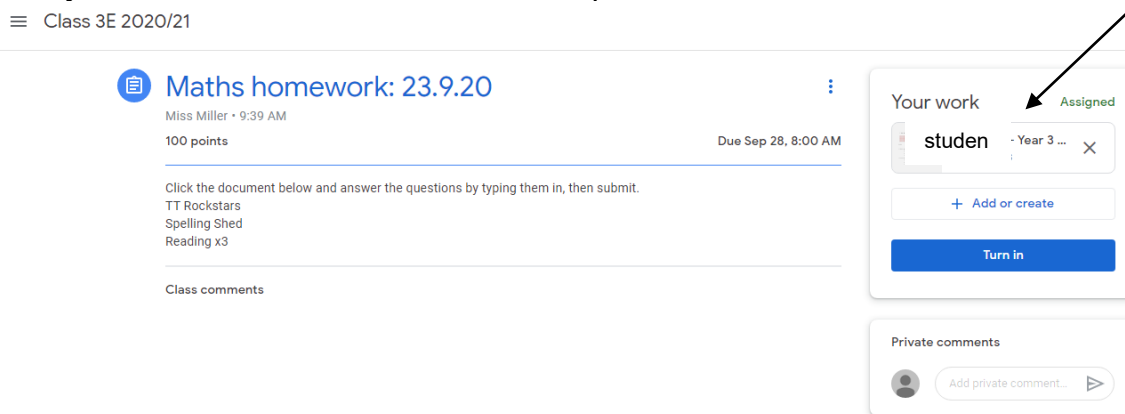

Step 4: You will come to the “stream”. You will see the latest work posted by the teacher.

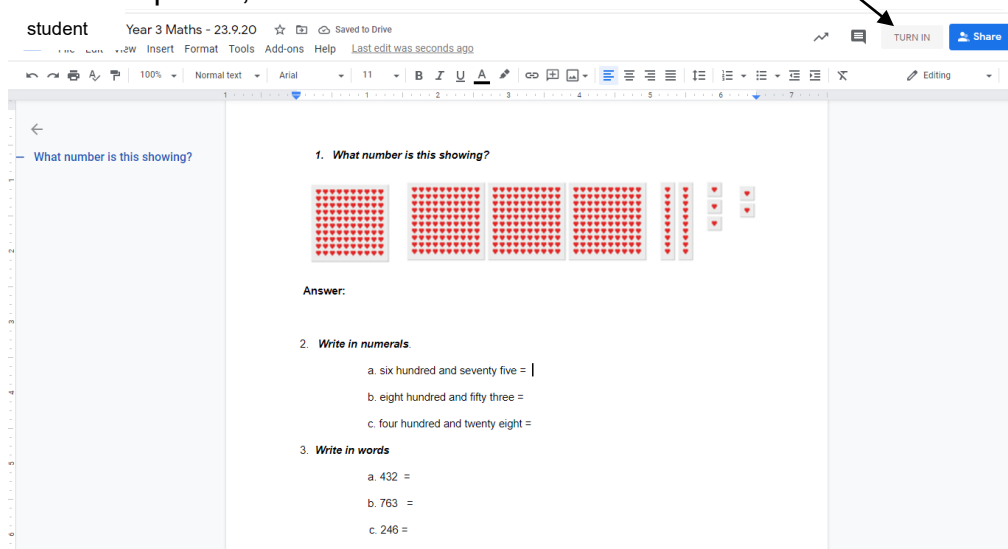

To see the work in their subject areas, go to "Classwork".

Step 5: Click on the subject area of the homework for that week. Then click the task with the latest date. You will see a short set of instructions for the homework. On the right, there will be a document with your child's name on it. Click this to open the homework.

Step 6: Your child will then complete the homework by typing on this document. Once completed, click turn in.

Step 7: You will then return to this page, where you will know it has been submitted as it will give the option to “unsubmit.”

The children will continue to use Spelling Shed and TT Rockstars as well, which will have separate log in information.

Internet Safety

As children may be using the internet more at the moment, please find some helpful information for keeping your child safe online on our website. Please go to “Curriculum” and “Internet Safety”.

Yours sincerely,
The Ravenscote Teachers
